Nichols College Motor Vehicle Policy

Effective Date: July 1, 2019
Date Last Revised: June 27, 2019

I. Preamble

All vehicles MUST be registered with Public Safety and have a valid Nichols College parking decal permanently affixed to the vehicle following specific location instructions. Any vehicles not displaying a valid Nichols College parking decal or valid temporary parking pass are not authorized to park on the Nichols College Campus. Individuals are responsible for following the guidelines outlined within this Motor Vehicle Policy. Public Safety is charged with enforcing all rules and regulations pertaining to parking on College Properties.

II. Automobile Registration

A. Decal Registration

Registration for a parking decal must be completed with the Department of Public Safety prior to parking on campus. Nichols College Public Safety issues parking decals on a first come first serve basis. Parking on Nichols College is limited to the amount of parking spaces available. If no Parking spaces are available and a parking decal cannot be issued, the student's application will be placed on a waiting list until a parking decal becomes available. Vehicles must be removed from Nichols College parking lots until issuance of a parking decal.

Nichols College Community Members can locate and submit the parking application online via the Nichols Portal, search for Public Safety or follow the provided link here: <https://hub.nichols.edu/departments/public-safety>

All parking decals from previous years must be removed. Current Parking decals must be permanently affixed to the vehicles front windshield by rearview mirror. Failure to display a current parking decal while on campus will result in a parking citation.

Vehicles not registered, improperly registered, or without proper license plates, are not allowed on campus and may be towed without warning from campus. The owner of the vehicle will be subject to all fees associated with the towing company (see Towing Policy; Section VIII).

Changes in the license plate number of any registered vehicle must be reported to the Department of Public Safety immediately. Undergraduate students may register and maintain only **ONE** vehicle on campus. Should a permanent change of vehicle be necessary during the academic year, parking forms must be submitted to the Department of Public Safety for the new vehicle as well as return of the initial parking decal for previous vehicle. Once all necessary forms are submitted and the previous parking decal is returned, a new parking decal will be issued to the new vehicle at no additional charge. If the old parking decal cannot be produced and is found on another vehicle at a later date, students will be referred to the Office of Community Standards.

Massachusetts Non-Resident Driver Statement Form (when applicable)

Every student is advised: It is unlawful for a non-resident (of Massachusetts) student to fail to file a Non-resident Driver Statement with the police department located in the same city or town as the school or college attended (Dudley, MA), in accordance with Section 3 of Chapter 90 of the Massachusetts General Laws. Failure to file such a statement is punishable by a fine not to exceed \$200.00.

B. Snow Removal Procedures and Emergency Parking Lot Closures

Handling snow and ice emergencies is a major undertaking and requires cooperation from the entire campus community. In order to most effectively clear the parking lots located on the Nichols College Campus of snow; faculty, staff, and students will be notified by e-mail of lot closures and times/dates. It is the responsibility of each member of the Nichols College community to understand which parking lots will be closed during any snow storm or other emergency.

Please take the following general steps when parking your vehicle in the required lot:

1. Park your vehicle only in an area designated for parking during these conditions. Do not park in fire lanes, in short-term parking areas or any unauthorized areas around campus buildings.

3. We recommend that you keep a snow shovel in your vehicle. Student are responsible for shoveling out their own vehicle. Although snow shovels can be borrowed from the Department of Public Safety in exchange for a Nichols College ID card, there may not be enough shovels for everyone during peak demand times, therefore, we ask that you return the snow shovels promptly.
