## Payments

Nichols College **does not** manage an official payment plan schedule. You can, however, make payments toward the student account balance. After the add/drop of the semester, any student with a balance over \$3,000 will have a registration hold applied to their account. This hold **does not** affect meal plans and students can continue to participate in classes, activities, sports, etc. This hold will only prevent class registration for the following semester. Registration holds are reviewed on a weekly basis and are removed once the balance is \$3,000 or less.
