Our curriculum is enhanced with professional development that prepares you for career success in advance of graduation. Hands-on projects at the intersection of business and technology and extensive public speaking opportunities arm you with the skills and confidence needed to succeed. You develop professional skills and your network while engaged faculty empower you to explore connections between your passions and your potential career.

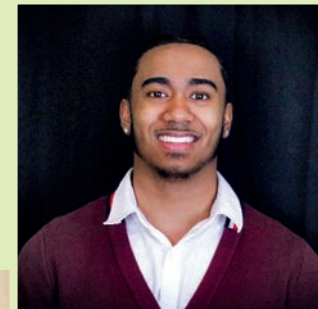

## UNIQUELY NICHOLS: PROFESSIONAL DEVELOPMENT SEMINAR

Hit the ground running after graduation. Intentional preparation for your career launch is central to your academic experience at Nichols. Through our Professional Development Seminar (PDS), you learn professional fundamentals, including compelling personal branding, polished resume writing, and powerful interview skills.

You'll put these skills into practice through the support of the Career and Professional Development Center (CPDC). The staff and network at the CPDC connect you with companies, including 70+ employers that attend on-campus career and internship fairs.

"Nichols' Professional Development Seminar classes have not only helped me grow academically but also have helped expand my goals. These courses have taught me how to become a better leader and how to work with peers to get things done."

# EMBRACE GREATNESS THROUGH VIBRANT LIVING

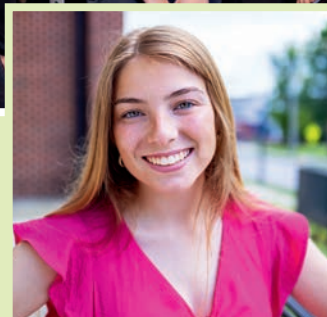

The Nichols campus is as energetic and spirited as you are. There's always something happening here on campus, from academics to social events to everything in between.

Students thrive on our residential campus, with our welcoming community, top facilities, and a range of student organizations. You'll strengthen your leadership skills through unique opportunities – like one group of students did by planning a Spring Concert featuring American rap artist Lute, pictured here posing with Nichols students.

Students find their place in the Nichols community. For those who want to venture beyond campus, our location in Dudley, Massachusetts is proximate to Boston, New York City, and the college town of Worcester. Mountains (to ski or hike), beaches, and professional sports teams are an hour away, so you'll always have new places to explore.

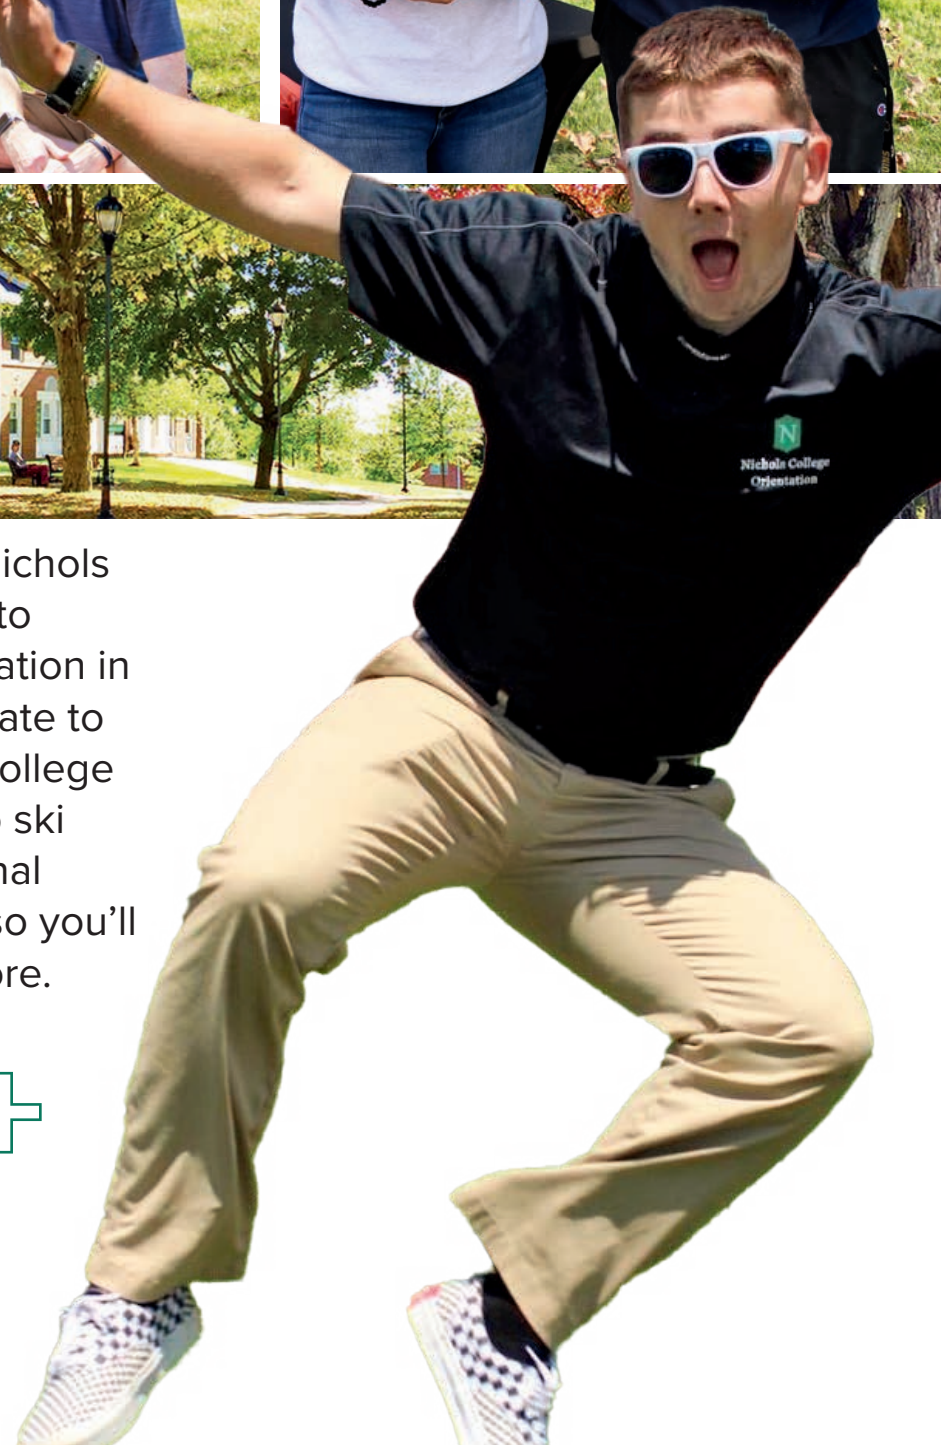

"Residential life at Nichols is truly a home away from home with vibrant campus activities and active student organizations. The constant engagement on campus has given me many opportunities to build friendships throughout my time here."

# EMBRACE GREATNESS THROUGH COMPETITIVE ATHLETICS

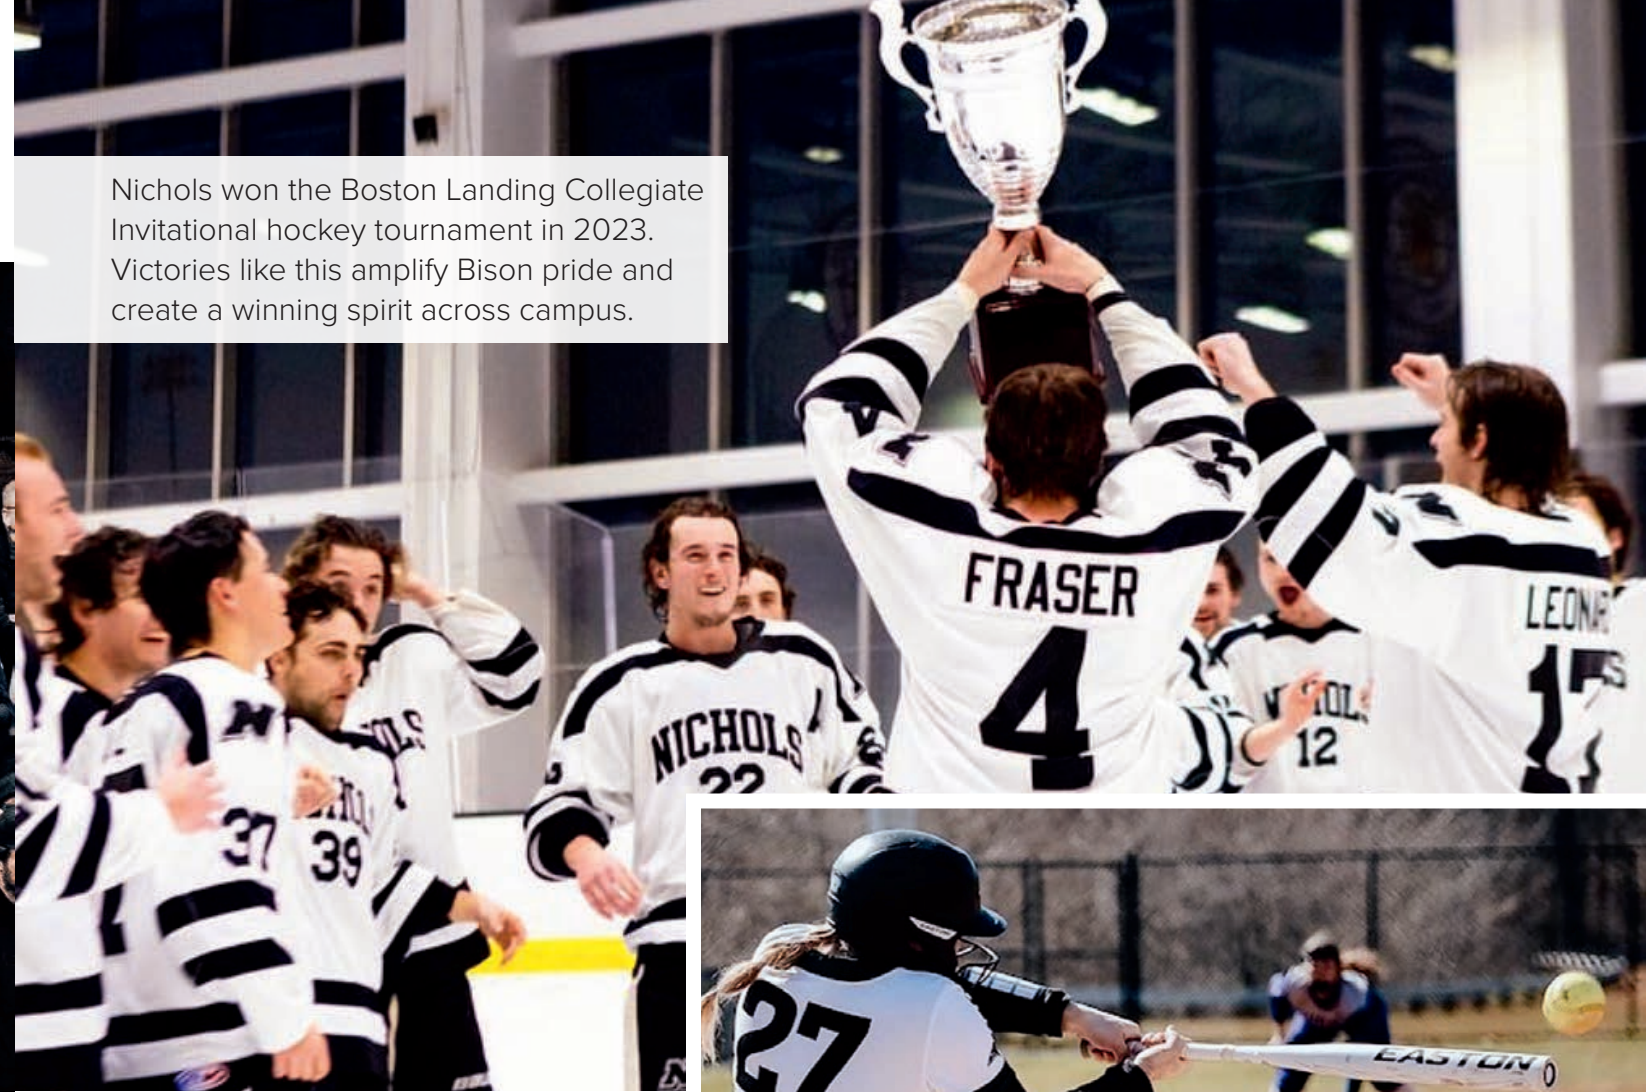

**GO BISON GO! STAMPEDE!

GO! FIGHT! WIN! STAMPEDE!**

Nichols athletes like to compete and win—on the field and in the classroom. Our 24 varsity teams earned seven conference titles and an NCAA tournament berth in 2022-2023 alone, and receive academic recognition every year.

Students who like to stay active outside of competitive NCAA Division III athletics benefit from our commitment to recreational offerings, from yoga to club and intramural sports to our fitness center.

Nichols won the Boston Landing Collegiate Invitational hockey tournament in 2023. Victories like this amplify Bison pride and create a winning spirit across campus.
